

Homework Plan - Hockney Class - 2024

Spring Term 2

Spring Term 2 – Extreme Earth

Week 1	Week 2	Week 3	Week 4	Week 5
<p>Water Cycle in action...</p> <p>During this term, we will be concentrating on the topic 'Extreme Earth'. Have a go at drawing a series of labelled pictures/diagrams to show the different stages of the water cycle.</p>	<p>Natural Disasters... (Evacuate)</p> <p>What would you take? All of your family and pets are unhurt, but you have been told to leave your house, to avoid being in any danger. What ten things would you choose to take with you and why?</p>	<p>World Book Day Challenge!</p> <p>On Friday, it is World Book Day. Your homework this week is to do something reading related. This could be creating your own book or comic strip, writing a book review, drawing your favourite character from a story or reading to a family member in an unusual place. The choice is yours!</p>	<p>Grittleton Adventures Residential</p> <p>The first three days of this week, are taking place at Grittleton Adventures Residential. If you went on residential, are you able to write a recount (a detailed description of what happened) during your time on residential. What was your favourite day/moment? Who did you share a room with? Will you be going next year?</p>	<p>Vicious Volcanoes!</p> <p>All over the world there are a wide range of volcanoes, some that are extinct, some that are dormant (sleeping) and others that are active. Find out about five different volcanoes. How tall are they? When did they last erupt? How dangerous are they?</p>

YEAR 6 – To do SATs homework!
