

Homework intentions

WB 2.11.20; Research the Bayeux tapestry. At least two panels went missing, these could have shown King William's coronation. Draw what they panels might have looked like in similar style and colour to the original tapestry

WB 9.11.20; Draw a picture of a soldier from 1066.

WB 16.11.20; Find out about the weapons used in the Battle of Hastings. Draw and label pictures of the weapons you found.

WB 23.11.20; Try to visit or research a local castle. Take or find pictures and find out information to share with the class.

WB 30.11.20; Design a menu for a banquet in 1066! You will have to research and use what you have learnt in class about what they ate! Make the menu as eye-catching as you can (maybe add some pictures!).

WB 7.12.20; Create a poster that illustrates all the things you have found out during this topic! How does it compare to your mind-map at the beginning of the topic?

More help will be provided in the purple folders each week, this just gives you a chance to do some forward thinking!
